

THƯ GIỚI THIỆU ỨNG TUYỂN VỊ TRÍ FULLSTACK DEVELOPER TIẾNG ANH TỐT (NODEJS/REACTJS)

“ Kính gửi Quý Công ty,

Tôi là Frontend Developer với khoảng 1 năm kinh nghiệm phát triển ứng dụng web bằng React, Next.js và TypeScript. Tôi đã tham gia xây dựng hệ thống admin và nền tảng booking B2B, có kinh nghiệm làm việc với Redux Toolkit, TanStack Query, Tailwind CSS, Ant Design, Stripe và i18n. Ngoài phát triển giao diện, tôi cũng có kinh nghiệm trao đổi với khách hàng để cập nhật yêu cầu và cải thiện sản phẩm.

Tôi mong muốn được làm việc trong môi trường chuyên nghiệp để tiếp tục nâng cao kỹ năng và đóng góp vào sự phát triển của công ty.

Trân trọng,
Tạ Văn Chỉnh 99

Ta Van Chinh

Front-End Developer

OVERVIEW

Frontend Developer with 1 year of experience delivering web applications in Agile development environments. Experienced in collaborating with cross-functional teams including designers, backend developers, and QA to deliver high-quality products. Skilled in building responsive user interfaces using **React, Next.js, TypeScript, Tailwind CSS, and Ant Design**. Strong experience working with **Redux Toolkit, TanStack Query, Zod validation**, and third-party integrations such as **Stripe payments and i18n solutions**. Dedicated to writing clean, maintainable, and reliable code while meeting project deadlines.
