AUG 9, 2002

## Objective

Frontend Developer with 1+ year of professional experience in web and e-commerce development. Strong expertise in ReactJS and VueJS. Worked on enterprise-level projects at CY Vietnam, developing responsive UIs from Figma and Adobe XD, integrating APIs, and optimizing performance for better user experience. Recently gained practical experience with Magento and Shopify at Mageplaza, maintaining live production websites and improving Google PageSpeed Insights. Proactive, detail-oriented, and comfortable collaborating in product-focused teams.

## ENGLISH

- Vstep B1 (4 skills) overall 5.5 issued by Hanoi University of Science and Technology
- Can read documents, listen, and write basic English

## Education

Bachelor's Degree in Electronics and Telecommunications

Oct 2020 - July 2024

### Hanoi University of Science and Technology

## Work experience

### Frontend Developer

Sep 2025 - Present

#### Mageplaza

- Maintained and updated UI/UX for **Mageplaza.com** and **Shoplaza.io** (live production websites).
- Implemented **HTML, CSS, JavaScript, and jQuery** based on provided design specifications (Figma).
- Modified existing frontend code to adjust layouts, styles, and UI behaviors on live sites.
- Optimized frontend assets and page structure to improve **Google PageSpeed Insights** scores.
- Fixed UI-related bugs and ensured responsive layouts across devices and browsers.
- Collaborated with backend developers to integrate data and deploy updates to production.
- Used **Git** for source code management and team collaboration.

### Frontend Developer

January 2025 - Aug 2025

#### CY Vietnam Software Development Co., Ltd.

- Developed frontend features for web applications using **ReactJS and VueJS**.
- Converted Figma and Adobe XD designs into responsive user interfaces.
- Integrated APIs to display dynamic data.
- Optimized UI performance and improved overall user experience.

#### Project: T78 School Management Website

- Designed and implemented UI for admin and student portals.
- Built exam grading modules and integrated APIs.

### Intern Frontend Developer

Aug 2024 - December 2024

#### CY Vietnam Software Development Co., Ltd.

Contributed to the development of several startup projects, focusing on using React.js to build interactive and user-friendly web applications.

#### Project: Social Media Campaign Tool

- Practiced HTML, CSS, JavaScript, ReactJS through weekly assignments.
- Built a **Shopee-style C2C e-commerce project** as the internship capstone.

#### Project: C2C E-commerce Website (Shopee Clone)

- Developed seller dashboard with CRUD.
- Built customer UI for browsing, checkout, chat, and account auth.

### Intern Frontend Developer

Jun 2023 - Aug 2023

#### FPT SOFTWARE COMPANY

- Participated in structured frontend training and completed weekly tasks.
